

2026 Copic Insights – Des Moines, Iowa
Tuesday, September 29th
Hilton Garden Inn - Des Moines, Iowa / Ballroom: 2/3

8:00am – 9:00am **Welcome / Breakfast**

9:00am – 10:00am **Calm in Chaos: Leading Through Disaster**

Speakers:

Philicia Hancock, Chief Clinical Officer; Adair County Health System

Jill Rogers – Quality Manager, Integrity & Compliance Officer; Adair County Health System

Description: This session examines a hospital's response to a tornado, highlighting key operational challenges, leadership decisions, and emergency management. It explores continuity strategies, regulatory coordination, and financial recovery considerations, while emphasizing employee support and practical preparedness approaches to strengthen future resilience.

Objectives:

- Examine the operational, regulatory, and infrastructure impact of a tornado on a critical access hospital.
- Evaluate emergency activation, HICS implementation, and leadership role clarity during a real-time disaster.
- Identify continuity of operations strategies, including alternate care sites, regional partnerships, and regulatory coordination.
- Recognize the critical role of comprehensive insurance coverage in financial recovery and rebuilding efforts.
- Understand the importance of prioritizing employee support, communication, and psychological safety during prolonged disruption.
- Apply practical risk mitigation and preparedness strategies to strengthen organizational resilience before the next disaster.
